

PNC ePrint® and PNC eBroadcast®

Saving Time and Money

No More Faxing.

“ We at Norfolk Constabulary consider NDI’s PNC ePrint (print distribution solution) as ‘the best thing since sliced bread!’ 99% of our in-force disclosure is now made by e-mail. We have saved approximately, £4,000 per annum in toners alone within my own department. We’re also saving, literally, hundreds of thousands of sheets of paper. The biggest savings though, are in human resources. Because of the way we did business I could guarantee, literally, that there would always be one or more of my staff standing beside the fax machines. Now, that’s a thing of the past. Given that each member of staff has a significant cost associated and we’re a 24 hour department, you can begin to estimate the savings. ”

As stated above – “the best thing since sliced bread!”

PNC ePrint PNC Print Distribution

Does your PNC Bureau spend time and money printing and distributing PNC information to others?

Are you incurring costs faxing PNC prints to other Police or Criminal Justice users? NDI’s PNC ePrint puts an end to time-consuming and costly print and fax routines. At the click of a button any PNC print can be e-mailed directly to any person authorised to receive the information.

PNC ePrint can also be used as the perfect alternative to sending box loads of prints to other agencies such as:

- ✓ Magistrates Courts
- ✓ Probation Service
- ✓ Youth Offender Teams

PNC eBroadcast PNC Broadcast Distribution

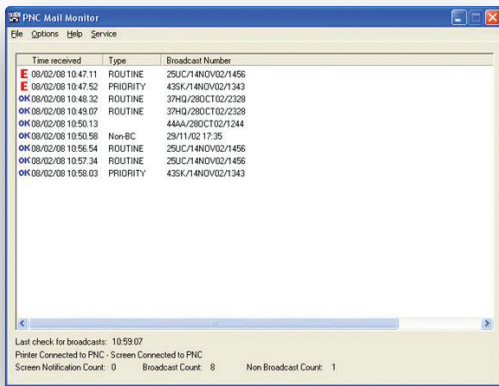

PNC eBroadcast helps your force to respond more quickly...

...to urgent messages received via National PNC Broadcast. Whether you want to distribute the broadcast widely around the force or onwards to another agency, PNC eBroadcast makes it easy.

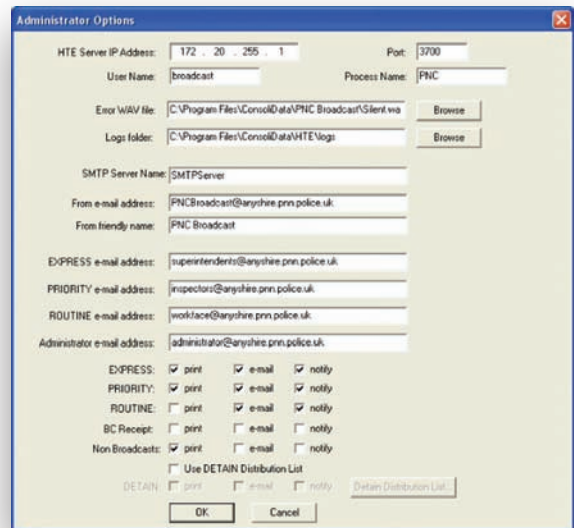

PNC eBroadcast puts you in charge:

- ✓ Secure distribution of broadcast messages
- ✓ Can be sent to anyone in the force with an e-mail address

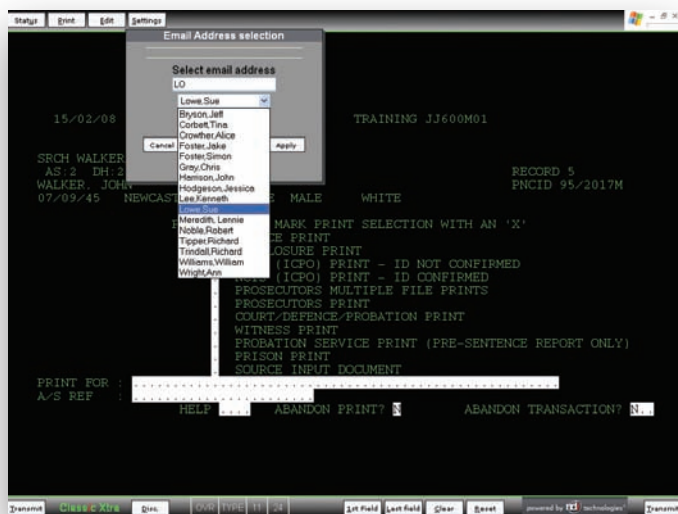

PNC eBroadcast is the effective way to distribute broadcast messages as e-mail throughout your force.
